

# 26MM ROTARY HAMMER

## THR2633

The Tolz THR2633 is a robust and high-performance 26mm SDS-Plus rotary hammer drill, designed for professional contractors and demanding construction tasks. Engineered for precision and durability, it delivers powerful hammering action ideal for drilling into concrete, masonry, and stone. With its ergonomic design, 3-mode operation, and optimized impact energy, the THR2633 is built to handle heavy-duty tasks while reducing user fatigue.

### PRODUCT INFORMATION

#### Specifications

**Power Input:** 800W

**Impact Energy:** 3.0 Joules

**No Load Speed:** 0 – 1,300 RPM

**Impact Rate:** 0 – 4,500 BPM

**Max Drilling Capacity:**

**Concrete:** 26mm

**Steel:** 13mm

**Wood:** 30mm

**Modes:** Rotary Drilling, Hammer Drilling, Chiseling (3-Mode)

**Tool Holder:** SDS-Plus

**Weight:** Approx. 2.7 kg

#### Features

**3-Mode Functionality:** Switch easily between rotary drilling, hammer drilling, and chiseling for versatile applications

**High Impact Energy:** 3.0 J impact force ensures fast drilling in concrete and masonry

**Compact & Lightweight Design:** Easy to handle during overhead or prolonged use.

**SDS-Plus Tool Holder:** Enables quick and secure bit changes

**Ergonomic Soft Grip Handle:** Reduces vibration and user fatigue

**Variable Speed Trigger:** Precise control for different drilling materials

**360° Rotating Side Handle:** Provides better control and flexibility in confined spaces

**Durable Build:** Heavy-duty motor and housing for long tool life

#### Inclusions

Auxiliary Side Handle

Depth Gauge

Grease tube
