

# 355MM CHOP SAW

TCS3350

The Tolz TCS3350 is a high-performance 3000W chop saw designed for precise and heavy-duty metal cutting tasks. Featuring a 355mm (14") blade, adjustable fence, and a built-in guide ruler attachment, it allows users to measure and cut workpieces efficiently without the need for external measuring tools. Built for professional use, its durable construction and powerful motor ensure consistent performance in demanding environments.

## PRODUCT INFORMATION

### Specifications

Power Input: 3000W  
Blade Diameter: 355mm (14")  
Bore diameter: 25.4mm  
No Load Speed: 3,800 RPM  
Max Cutting Capacity:  
Round Pipe: 115mm  
Square Tube: 120mm x 120mm  
Rectangular Tube: 70mm x 220mm  
Fence Adjustment: 0° – 45° (for angled cuts)  
Weight: 23 kg

### Features

**Powerful 3000W Motor:** Provides rapid and smooth cutting performance on tough materials  
**Guide Ruler Attachment:** Allows quick and accurate measurement of workpieces, eliminating the need for separate measuring devices  
**Quick-Release Vise:** Enables fast clamping and material adjustments  
**Adjustable Cutting Fence:** For precise angled cuts up to 45°  
**Heavy-Duty Steel Base:** Offers excellent stability and reduces vibration during cutting  
**Spark Deflector:** Protects the user and improves visibility during cutting  
**Ergonomic D-Handle Design:** Ensures comfort and control in prolonged use  
**Spindle Lock:** For quick and easy blade changes  
**Durable Guard System:** Adds safety and reliability during operation

### Inclusions

355mm Abrasive Cutting Wheel  
Guide Ruler Attachment  
Hex Wrench
